TYPE	DETAILS / TITLE	DATE	TIME
Webinar	Inspektion mit Farbe, Infrarot und UV – Tipps, Besonderheiten, Anforderungen	26.01.21	10:00 - 10:45
Training Online	Practical introduction to HALCON – Technical training	27./28.01.21	09:00 - 16:30
Webinar	Colour inspection, infrared and UV – tips, special features, requirements	28.01.21	11:00 - 11:45
Webinar	Selecting the right machine vision hardware	02.02.21	11:00 - 11:45
Training Online	3D-Bildverarbeitung mit dem LMI Gocator – Technisches Training	03.02.21	09:00 - 16:30
Webinar	Next generation independent image acquisition	03.02.21	11:00 - 11:45
Training Online	3D imaging using the LMI Gocator – Technical training	04.02.21	09:00 - 16:30
Webinar	Grundlagen des maschinellen Lernens	09.02.21	10:00 - 10:45
Training Online	Zeilenkamertechnologie und Anwendungen – Technisches Training	10.02.21	09:00 - 16:30
Training Online	Line scan technologies and applications – Technical training	11.02.21	09:00 - 16:30
Webinar	Machine learning basics	11.02.21	11:00 - 11:45
Webinar	Farbidentifikation, Farbquantifizierung und hyperspektrale Bildverarbeitung – Inspektion in VIS und NIR	16.02.21	10:00 - 10:45
Training Online	Smart-Kamera- und Multi-Kamera-Lösungen mit iNspect Express – Technisches Training	17.02.21	09:00 - 16:30
Training Online	Smart camera and multi-camera solutions with iNspect Express – Technical training	18.02.21	09:00 - 16:30
Webinar	Colour identification, colour quantification and hyperspectral imaging – inspection in VIS and NIR	18.02.21	11:00 - 11:45

TYPE	DETAILS / TITLE	DATE	TIME
Webinar	Hyperspectral imaging portfolio and application services	23.02.21	11:00 - 12:00
Training Online	Planung und Umsetzung von Bildverarbeitungslösungen – Technisches Training	24./25.02.21	09:00 - 16:30
Training Online	Optik und Beleuchtung für die Bildverarbeitung – Technisches Training	02.03.21	09:00 - 16:30
Webinar	Intelligente Infrarotkameras: Ein neuer technologischer Ansatz für Industrie 4.0	02.03.21	10:00 - 10:45
Webinar	Smart Infrared Cameras: A new technological approach for Industry 4.0	02.03.21	11:00 - 11:45
Training Online	Optics and illumination systems for machine vision – Technical training	03.03.21	09:00 - 16:30
Webinar	HALCON machine vision software as a business growth accelerator	03.03.21	10:00 - 11:30
Webinar	Woran kann es liegen? Fehlersuche in Bildverarbeitungsapplikationen	09.03.21	10:00 - 10:45
Webinar	Impact of 3D vision in vision guided robotic applications	10.03.21	11:00 - 11:45
Training Online	Hyperspektrale Bildverarbeitung – spektrale Auswertungen in VIS und SWIR – Technisches Training	10.03.21	09:00 - 16:30
Webinar	What could be the reason? Troubleshooting machine vision applications	11.03.21	11:00 - 11:45
Training Online	Hyperspectral imaging – spectral evaluation in VIS and SWIR – Technical training	11.03.21	09:00 - 16:30
Webinar	Inspektion transparenter Objekte	16.03.21	10:00 - 10:45
Training Online	Machine vision solutions with examples in HALCON and MERLIC – Technical training	17.03.21	09:00 - 16:30
Webinar	Inspecting transparent objects	18.03.21	11:00 - 11:45

TYPE	DETAILS / TITLE	DATE	TIME
Training Online	Kompakte Lösungen mit Cognex In-Sight-Systemen – Technisches Training	22./23.03.21	09:00 - 16:30
Webinar	But this can be easily seen – solution strategies for the selection of the ideal illumination	23.03.21	11:00 - 11:45
Training Online	Grafisches Entwickeln mit Sherlock von Teledyne DALSA – Technisches Training	24.03.21	09:00 - 16:30
Training Online	Graphic-based solution development with Sherlock from Teledyne DALSA – Technical training	25.03.21	09:00 - 16:30
Webinar	How to de-risk your machine vision projects	31.03.21	10:00 - 11:30
Training Online	Machine Learning – Lösungen für komplexe Bildverarbeitungsaufgaben – Technisches Training	31.03.21	09:00 - 16:30
Training Online	Planning and implementing of machine vision solutions – Technical training	06./07.04.21	09:00 - 16:30
Webinar	Das sieht man doch – Lösungsstrategien zur Auswahl der idealen Beleuchtung	08.04.21	10:00 - 10:45
Webinar	Einführung in grafisches Entwickeln mit Sherlock von Teledyne DALSA	13.04.21	10:00 - 10:45
Training Online	3D-Bildverarbeitung mit dem LMI Gocator – Technisches Training	14.04.21	09:00 - 16:30
Training Online	3D imaging using the LMI Gocator – Technical training	15.04.21	09:00 - 16:30
Training Online	Planung und Umsetzung von Bildverarbeitungslösungen – Technisches Training	19./20.04.21	09:00 - 16:30
Webinar	Principle, possibilities & pitfalls, infrared cameras (SWIR, MWIR, LWIR)	21.04.21	10:00 - 11:30
Webinar	Introduction to graphic-based solution development with Sherlock from Teledyne DALSA	22.04.21	11:00 - 11:45
