### Company's business description

---

STEMMER IMAGING is one of Europe's leading machine vision technology providers for science and industry. With a perfect combination of innovative products, expert advice and comprehensive service, STEMMER IMAGING helps clients solve their machine vision tasks securely with speed and ease. Experienced specialists can be contacted easily and are available to provide local advice throughout Europe.

Clients of STEMMER IMAGING benefit from the combination of an exceptionally wide variety of products from the world's leading manufacturers (e.g. cameras, lenses, illumination products, machine vision systems, software). Expert know-how gathered over many years help customers define the optimum, most cost-effective combination of components. The company attaches particular importance to the provision of solution-oriented services, including feasibility studies, development services, training and customer-focused support.
